

Prom Tips for Students

We at Corporate Limousine want your prom night to be one of the most anticipate nights on the student calendar. From preparing a fancy dress, tuxedo, hair and makeup, to ordering expensive flowers, every one would like to make this a special night. A ride in a limousine to the big event can do just that and more. Transforming prom night into an extraordinarily memorable and enchanting evening.

1. **TALK TO YOUR FRIENDS EARLY.** The demand for limousines during prom season can be overwhelming when so many others are chartering transportation for the same night. Talk to you friends early and decide who will be in your limo group, so you can book your reservations and get the limousine you want.
2. **SHOW UP IN STYLE.** A unique chauffeured limousine will definitely set you apart from the rest. Depending on the number of people you will have in the limousine with you, you may want a certain make or model. Choose something that suits your mood.
3. **ALLOW LOTS OF TIME TO TAKE LOTS OF PHOTOS.** You are definitely going to want to take some photos, so plan for everyone to meet up for a pre prom party at one location. Be sure the chauffer has the address, phone number, and directions to the pre prom location. You can even ask the chauffer to position the limousine in a location to be part of the photos.

PS: bring along some CD's of special interest to the group.

SIT BACK & ENJOY THE RIDE.
